

EWING FAIR GETS WELL STARTED; MANY EXPECTED TODAY

Maysville Band Makes Great Hit Among Our Fleming County Neighbors at Opening of Big Fleming County Fair Thursday.

The Ewing Fair got well under headway Thursday and although it was considered as opening day, the grounds were well filled and much interest was taken in the program, which this year is an unusually large and attractive one.

Nothing on the fair grounds attracted more attention than did the Maysville Boy's Band, which, besides being the chief musical organization on the fair, is also one of the fair's biggest features when it is considered that the Ewing Fair management is giving the people of their territory the same high class music furnished by such fairs as the Ohio State and the Blue Grass.

Compliments by the score were showered upon the band and its individual members. Director Barnard and Manager Russell, of course, came in for their full share.

Mr. J. R. Peters, prominent general merchant at Bethel, Ky., was taken entirely away from his store and hovered about their band stand all day long enjoying each new number more than the last and bursting his compliments by saying that the band was good enough to make music in Heaven.

Great crowds are expected at Ewing today. Many will go from Maysville and on Saturday the crowd will be several thousand.

PARTY FOR LITTLE FOLKS.

Little Miss Virginia Crowell, bright daughter of Dr. and Mrs. W. C. Crowell, entertained with a party for her little friends at her home in Walnut street Thursday afternoon. The youngsters enjoyed a most delightful time and voted Miss Virginia a most charming hostess.

GREAT FEATURE THURSDAY.

Those who were fortunate enough to see "Idol of Clay" at the Washington Thursday evening were greatly pleased with the high class picture and the splendid acting of the artists. The picture will be shown Friday evening at the Gem Theater.

BOOTS CLAIMS HE CUT COOPER IN SELF- DEFENSE MONDAY

Lewis County Man Charged With the Murder of His Friend Is Held in Local Jail Pending Hearing at Vanceburg.

Gerald Boots, of Lewis county, charged with the murder of his friend and neighbor, Robert Cooper, is celebrating his twentieth birthday in the Mason county jail today.

Boots, who surrendered himself to the sheriff of Carter county at Olive Hill Wednesday evening, was brought to Maysville late Thursday by Sheriff Bertram, of Lewis county, and placed in the local jail to await an examining trial before County Judge Stone at Vanceburg, which will probably be held sometime next week.

When interviewed Friday morning at the county jail, young Boots, clad in overalls and barefoot, seemed little affected over the serious predicament in which he finds himself. He claims that he was attacked by three young men, Cooper, Stacey and Stamm, when he was walking along the Indian creek road after attending the Indian creek church Monday evening. He said he was with a young lady when the three men came upon him and one of the men fired three shots into the air. Another said something about killing him and the young lady ran. One of the men then grabbed him, another struck him and the third, Stacey, attempted to draw a revolver from his pocket.

Boots says, when he drew his knife and cut Stacey. Then Cooper came at him and he cut Cooper in the abdomen, from which he later died.

Boots says he was perfectly sober and that the only reason he knows for the trouble was that he owed Stamm five dollars. He said he could produce several witnesses to prove that he cut in self defense and said he did not fear of being convicted. When told that he was facing a very serious charge, young Boots said, "Oh well, they won't give me more than fifteen years."

Young Boots is a grandson of William Boots, former road builder and itinerant preacher, who formerly traveled through this county and is well known to many Mason county people.

Mrs. B. E. McClure, Mrs. Sam Huggart, Mrs. Ed Schwartz, Miss Opal Baugh and Mr. Ellsworth Cablish motored to Ewing Fair Friday.

HEALTH OFFICERS ARE PLEASED WITH LOCAL CONDITIONS

Dr. Lumsden, of Federal Health Board and Dr. McCormack, of State Board Greatly Encouraged With Conditions as Found Here.

Dr. L. L. Lumsden, of the U. S. Public Health Service, and Dr. A. T. McCormack, Secretary of the State Board of Health, were greatly pleased with conditions as found in Maysville and Mason county in their inspection here Thursday and Friday. The workings of the local Health Department were found to be smooth and the accomplishments all that were expected. Both representatives stated that they were greatly encouraged at the progress being made here and highly complimented all members of the local department's force.

Dr. McCormack Friday morning stated that he was more encouraged about the health work in Maysville on this trip than on any of his previous trips to our city. He loudly praised the City Administration on its sewer building plan and after inspecting the sewers said that the officials had used good judgment in building the four sewers now laid out first.

The head of the health department also praised Mason county's progress toward sanitation. According to its size and population, he said, Mason county is the best sewer county in the United States having about 400 Kentucky Sanitary Privies in use. A change in policy in regard to the building of these sanitary privies was announced Friday. Heretofore the Health Department has paid for the labor in building the privies but in the future this cannot be done, however, the health department will furnish the supervision and continue the inspection. Forty privies now contracted for will be completed under the old plan.

Dr. McCormack said that on Thursday he was in conference with Attorney General Dawson in regard to the Maysville water case and he has the assurance of officials that the case will be taken up by the Court of Appeals at the fall term and expects to win his contention.

AMERICA AND RUSSIA REACH FOOD AGREEMENT

Negotiations Between America and Soviet Practically Complete—Ready to Begin Shipments.

Washington, August 18. — Complete agreement on the question of food relief for Russia has been reached at Riga, Secretary Hoover announced today.

Negotiations between Walter Lyman Brown, European Director of the American Relief Administration, and M. Litvinoff, the Soviet representative practically have been finished. Mr. Hoover said, although it may be a day or two before the formal document is drawn.

Preparations now are being made by the New York office of the Relief Administration to start food ships to Danzig to begin sending famine supplies into Russia.

The original administration conditions for protection of its agents and control of food supplied have been agreed to by the Soviet authorities. Relief work will begin as soon as possible under the conditions of the original offer.

Mr. Hoover made public a letter from President Harding, stating his approval of the administration's project and expressing his trust that America would support it.

LOCAL MASONS TO INSPECT CARLISLE CHAPTER

Several Maysville Masons motored to Carlisle Friday afternoon to attend the annual inspection of the Carlisle Chapter of Royal Arch Masons which will be held Friday afternoon and evening. The inspection will be made by Mr. A. G. Sulser, of this city, inspecting officer of the Ninth Congressional district.

DELIGHTFUL DANCE.

The dance given at Beechwood Park Thursday evening by the Assembly Club was well attended and a most delightful event. Wright's orchestra furnished the music and this orchestra always giving satisfaction, always attracts large crowds. Many from a distance were in attendance.

Mr. L. T. Gaebke, prominent local tobacco warehouseman, is critically ill in a Cincinnati hospital and is hardly expected to recover. This will be very sad news to his legion of local friends.

Mr. Wilson Warder, of Dallas, Tex., is spending his vacation here with his parents, Mr. and Mrs. W. R. Warder, and sister, Mrs. A. G. Watson.

GINGER STOCK IN BROWN COUNTY HAS BEEN CAPTURED

Prohibition Officers Make Raids at Ripley and Georgetown During the Past Week.

Georgetown, Ohio, August 19. — Following the sending to the county jail of David McKee, Mt. Orab citizen under \$250 bond for having dumped a milk can and wash boiler lid into a field, in violation of prohibition statutes, a raid was made through the county by state enforcement officers Thursday evening. This was in charge of former Sheriff H. H. Hutchison, of Lawrence county, and Joseph Jones of Akron, who called local officials to aid. Making first inspection at Decatur and Russellville, where they found nothing, after which they went to Ripley, where in George Shroth's restaurant they found a supply of Jamaica ginger and patent medicines which they held as evidence. Shroth was placed under bond by Mayor Baird.

Coming on to Georgetown they visited all soft drink places. At William Moore's barber shop they found a case and a half of Jamaica ginger, and at L. P. Theis' place a number of empty bottles and three full ones. Nothing else was found. Both were placed under bond.

The raid naturally caused much comment, and a number of witnesses were summoned and examined. A transcript is being made up and an order was issued that a hearing will be given for those held Friday, September 2nd.

Similar raids were last week made in Highland county where a number of persons were held. Among them was Anna Egan, who pleaded guilty to having a number of gallons of wine in her possession and was fined \$100 and costs.

HARRY GRAHAM CRITICALLY ILL IN LOUISVILLE.

A telegram received in this city late Thursday gave information that Harry Graham was dying at a hospital in Louisville. His sister, Miss Violet Graham, got in communication with the hospital authorities over the long-distance telephone and was informed that her brother had been taken to the hospital on Tuesday suffering with acute neuritis and had been unconscious up to Friday morning, when he regained consciousness and was some better. He had been ill only a short time before being removed from his home to the hospital. He is a son of the late Joseph Graham and is well known here. He has been a resident of Louisville for several years. His friends here hope for his speedy recovery.

CAPTURES TARANTULA.

A large poisonous tarantula or banana spider, was captured at the Jake Caproni store in lower Market street Friday morning and is being displayed in a glass jar at this store, attracting much attention.

FLEMING COUNTY CHILD IS KILLED BY ACCIDENTAL SHOT

Twelve Year Old Boy Fires Shot Gun Into Pike and Laid Kills Four Year Old Girl Near Wallingford Thursday.

The four years old daughter of Mr. and Mrs. James Guiley, who live in the Wallingford neighborhood of Fleming county, was shot and killed late Thursday by the accidental discharge of a shot gun in the hands of Harlan Bailey, twelve year old son of Mr. and Mrs. John Bailey of the same neighborhood.

According to the story told by the Bailey child to Coroner Maxey, of Flemingsburg, he was coming out of the front door of his mother's home with a shot gun under his arm and the trigger pulled back. It was accidentally discharged in some manner and the shot went into the road in front of the house. It happened that little Ruby Guiley was walking down the road at this time directly in front of the Bailey home and the entire load found lodgment in her body, causing her almost instant death.

The boy who did the shooting is the son of John Bailey, who so very mysteriously disappeared in Maysville two winters ago when here to deliver a load of tobacco.

Coroner Maxey's investigation of the case warranted him in finding that the death was accidental.

ARTHUR MORRISON ARESTED BY DEPUTY SHERIFF OF FLEMING

Man Charged With Murder of William Collins in Fleming County Is Taken By Deputy Sheriff Late Thursday Evening.

Deputy Sheriff Jackson, of Fleming county, single handedly arrested Arthur Morrison, for whom Governor Edwin P. Morrow had offered a reward of five hundred dollars, in the hills of Fleming county near Muses Mills near midnight Thursday night and brought his prisoner to the Fleming county jail early Friday morning. It is understood that the officer had little trouble in arresting Morrison, having slipped up on him, but he is said to have had much trouble in getting the man to Flemingsburg as members of Morrison's family are said to have made attempts to free their kinsman.

It will be remembered that Morrison has been in hiding in the hills of Fleming, Lewis and Carter counties for the past several months and the officers have heard of him quite frequently but have never been able to get near him.

Morrison is charged with the murder of William Collins. It will be remembered that upon Collins' murder, his wife, Chloe Collins, claimed that she shot her husband in self defense but the officers did not believe her story and at her examination it developed that there were eye witnesses to the tragedy who testified that they saw Morrison fire the shots which caused Collins' death. The Collins woman was released and it is reported has been with Morrison since that time.

Morrison has the reputation of being Fleming county's bad man. He had been in much trouble, having served a term in a Federal prison recently as a draft evader.

The examining trial will be held within a short time.

ANNOUNCES FOR CONSTABLE.

Miss Ida Thompson, of Chicago, is the guest of Mr. and Mrs. A. G. Watson of West Third street.

MAJOR CAMPBELL IS EXONERATED IN THE BERGDOLL CASE

Kentucky Army Officer, Charged With Accepting Bribe, Is Cleared By Congressional Investigation.

Washington, August 18. — Samuel Tilden Ansell, former acting judge advocate general of the army and of the prisoner's legal counsel; Colonel John E. Hunt and Colonel C. C. Cresson were charged with conspiracy in connection with the escape of Grover Cleveland Bergdoll, the draft evader, in a report signed by three of the five members of a special investigating committee filed today with the House.

Characterizing Ansell as "the master mind" in the plan by which Bergdoll was released from a military prison under guard to dig up a pot of gold, the majority report recommended that he be disbarred from practicing in the courts of the nation "above whose safety and integrity he has placed gold."

A minority report filed at the same time held, however, that there was no testimony to support the charge that Ansell, through whose efforts as counsel the prisoner was released, "conspired to effectuate his escape," or that his motive was improper.

One Republican, Representative Lohring, of Indiana, and two Democrats, Johnson, of Kentucky, and Flood, of Virginia, signed the majority report.

The minority views were presented by Chairman Peters, Maine, and Representative McArthur, Oregon, Republicans.

The majority findings were the first of the many investigating reports submitted to the House since the close of the war where a Republican member joined with Democrats and enabled them to file majority views.

Major Bruce R. Campbell, formerly of Lexington, Ky., accused by Bergdoll's mother of having accepted \$5,000 to help obtain freedom for the prisoner was exonerated by the majority. The minority reported that there was no evidence that Campbell was in any way connected with the escape, but assumed the proper military authorities would "institute such investigation as may be necessary to the end that Campbell may be exonerated, if not found guilty."

Mr. and Mrs. Clarence Elmore and children, of Forest avenue, left Friday afternoon for a visit to relatives in Cincinnati, Louisville and Richmond.

OUR FAIR.

Since the demise of the famous old Maysville Fair, Mason county people have turned to the tri-county fair held at Germantown and interest in that agricultural display and festival has grown annually until we are beginning to look upon it as we should—Our Fair.

Mason county takes just as much interest and pride in the fair as does Bracken or Robertson and we have every reason to be proud of it for this year "The Old Reliable" will be one of the biggest fairs in all of Kentucky.

Taking a keen interest in its success, not for pecuniary gain to themselves but for the general pleasure of the community, the benefit to agriculture and for "old time's sake," the directors have worked hard to bring the fair to the place it now occupies.

It's only a couple of weeks now until the big fair will be on in full blast. Everybody will be there. It's the one big meeting time for old friends and there's no new fangled feature of the meeting that outstrips the real joy of shaking hands with our friends of many years.

Meet us at the "Old Reliable" Fair August 24, 25, 26 and 27th.

WHAT'S THE REASON?

The announcement that the army has commissions awaiting 1,000 men who would like to be second lieutenants, and only 126 applicants will lead some people to think there is either something the matter with our military system or that a lot of men do not know a good chance when they see it. Either the second lieutenancy is not worth having or there are not enough men qualified. Judging by the way 2,000,000 men fought and 2,000,000 others were trained, it would seem that the supply of competent men should be ample. Then why do not the men seek the commissions, with 3,000,000 men alleged to be out of employment?

AUGUST 10-20 BEST DATS FOR STARTING ALFALFA.

Kentucky farmers who expect to start an alfalfa crop this fall will obtain best results with the legume by sowing it during the period of August 10 to 20, according to suggestions made by crops specialists. In the southern part of the state there is usually little risk in sowing as late as September 1. The crop requires a deep fertile, well-drained soil and will not make a satisfactory growth on poor land. While most Kentucky soils contain sufficient potassium for alfalfa many of them outside of the better blue grass ones will require liberal treatments with some carrier of phosphorus. Limestone also is an essential fertilizer for alfalfa and must be applied to soils not containing it before these will grow the crop.

A favorable moisture condition in the soil is the first requisite in fall seeding of the legume according to members of the crops department of the College of Agriculture. This condition will be present if the seed bed has been prepared early so as to store up moisture in the soil. The use of a heavy roller, before seeding will bring the moisture closer to the surface and permit shallower covering of the seed. The most favorable condition for seeding is present immediately after a rain. It usually pays to wait as long as is safe to obtain this condition.

The use of a clover-seed drill will give the best distribution of the seed and, unless the bed is extremely loose, the most uniform covering of seed. Because the seed is all covered and to a uniform depth, somewhat less seed is required by this method than where the covering is done with a harrow. In cases where it has rained since the ground was last stirred it is necessary to precede the drill with a light drag harrow in order that the seed may be well covered. The seed should not be covered deeper than the moisture conditions require and in no case should it be covered more than one and one-half inches deep. When the seed is sown broadcast a more even stand is secured by distributing one-half the seed in one direction and the other half in a cross direction. A smooth or drag harrow with the teeth set straight is the best implement for covering the seed. The rate of seeding generally practiced in Kentucky is from 15 to 20 pounds to an acre. Under specially favorable conditions a good stand may be secured by sowing less seed.

ENDURANCE TEST FOR SADDLE HORSES

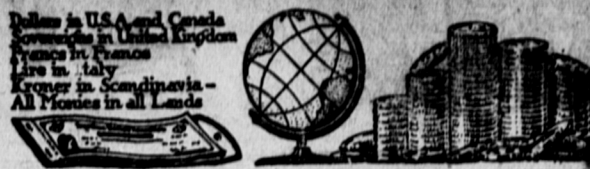

To Be Held Under Supervision of Government Agencies—Five-Day Test Over 300-Mile Course.

Army men and others who are alive to the country's acute under-supply of first class cavalry and general utility horses, as the shortage of them was brought painfully to light during the recent World War, are looking forward to the Endurance Test for saddle horses set for next October. This test, designed to promote the breeding of more and better work types, and to improve the material suitable for army mounts, is to be a very severe one, conducted by representatives of the War Department, Army Remount Service and the Bureau of Animal Industry, Department of Agriculture, along with those of our great institutions maintained in the interest of pure bred horses, including the American Remount Association, Thoroughbred Endurance Test Club, National Saddle Horse Club, Arabian Horse Club of America, National Steeplechase and Hunt Association and American Hackney Horse Society. Also, its conditions make the Endurance Test of special interest to Kentuckians.

The distance (300 miles cross country) will be traversed sixty miles a day for five consecutive days, regardless of weather, over a course to be selected by the committee in charge. Each horse shall carry no less than 245 pounds, made up, according to the rules governing, of the rider's live weight, plus so much dead weight in equipment.

First prize will be \$600, the Mounted Service Cup, Blue Ribbon and the Arabian Horse Club Medal; second prize, \$400 and Red Ribbon; third prize, \$300 and Yellow Ribbon; fourth prize, \$200 and White Ribbon; fifth prize, \$150 and Grey Ribbon; sixth prize, \$100 and Black and White Ribbon. Prizes will be awarded on the basis of 60% for condition of the horse and 40% for speed—a standard that points to the bottom and swiftness of the thoroughbred strain as the one likely to produce the winner.

The War Department is evincing the keenest interest, because the result will further the splendid work of the Army Remount Association and the other patriotic organizations that have undertaken the work of breeding cavalry horses to answer the requirements of the army in times of peace and its imperative demands in war. It is in the opinion of experts, based on actual experience during the World War, that thoroughbred blood is necessary to the production of the cavalry mount of requisite speed, courage and endurance. Kentucky, therefore, has a paramount interest, because the fountain-head of the purest thoroughbred strain flows perpetual in this favored land of ours.

THIRTY-TWO CULLS LAY TWO EGGS IN ONE WEEK.

Two eggs in one week from 32 hens removed as culs is the record obtained by S. E. Hall, a Fayette county farmer who cooperated with County agent W. R. Gabbert and the extension division of the College of Agriculture in having his flock of 70 mixed hens culled to show farmers in the vicinity how to distinguish between the lofer and the heavy layer. The week before the demonstration the 70 hens produced a total of 99 eggs. The week following the 38 hens which were retained as layers produced 87 eggs. These results are typical of those which may be found on many Kentucky farms during August and September, according to J. H. Martin, in charge of the college poultry work. They show that during these months the average farm flock contains a certain proportion of hens which have

stopped laying to loaf until spring. A number of demonstrations are being held by the college in all parts of the state to help farmers distinguish between the hens that are producing eggs and those that have stopped.

AMERICAN LEGION NOTES.

Lexington, Ky. — Owing to arrangements having been perfected for a great reunion of the "Old First Kentucky" in Lexington on the 1st and 2nd of September, during the state convention of the American Legion, General Roger D. Williams, who formerly commanded the Old First has postponed a pre-arranged trip to China which the General had planned some weeks in advance for the purpose of visiting his son, Captain Roger D. Williams, Jr., U. S. A., stationed at Peking, China, in order to be present at the reunion in Lexington.

Louisville, Ky. — At the annual meeting of the Jefferson Post No. 15, in Louisville, twenty delegates and alternates were elected to represent the post at the Third State Convention in Lexington, September 1st and 2nd. The Louisville post reiterated its stand in favor of the national adjusted compensation and instructed its delegates accordingly. The post expects its baseball team to be one of the two championship district teams to contend for the state championship on the second day of the convention on Stoll field and a great representation of the post will be on hand to root for the local team.

Madisonville, Ky. — Maurice K. Gordon, State Commander of the American Legion, in a statement addressed to the officers of Kentucky posts today calls attention to the fact that the only way for the program of the Legion and the ex-service men to go forward is for the Legionaires and ex-service men to unite and push it.

"Ben Franklin told Paul Jones," the commander's statement run, "way back in Revolutionary times, 'If you want a thing done, go and do it; if not send.' If the ex-soldiers and ex-sailors of Kentucky want anything done, the same wise saying goes for their present case. If they want the Legion to be heard on adjusted compensation, disabled men's relief, Americanism, immigration, the protection of our government from seditionists, military policy or other activity of the American Legion, they must come to the Lexington convention of the Legion September 1st. The ones who attend will be the ones who will make up the mind and will of the Legion in Kentucky. If you are not there, or represented, it will make no difference what you think or believe about what the Legion is doing or will or should do, and you will have no right to grumble if your ideas are not followed. See to it that your post and community is represented by a delegate or delegates who will attend, or better, come yourself."

BULLETS ROUT WHISKY BANDITS AT LOUISVILLE.

Louisville, Ky. — At attempt to rob the free warehouse of the Farnell Distillery, Logan and Breckinridge streets was frustrated when distillery guards Henry Weber and Frank Calvert discovered the marauders and fired six shots at them. The would-be thieves leaped over a picket fence, ran to an automobile that was parked behind two signboards and succeeded in making a get-away. They did not return the fire of the guards. Weber and Calvert each fired three shots.

New York Letter

by

New York. — Roof gardens and mid-night shows of New York City have had another blow. Just after they have rallied from the shock of prohibition enforcement and decided that maybe they might get good enough music and food and entertainers so that a thorough sober public could still enjoy them, along comes this! The dress manufacturers have resolved to sell clothes on merit alone and cut out the entertaining of out-of-town buyers. Not even a musician's strike could hit the white light restaurants as heavy a blow as that. Two hundred representatives of the dress industries in solemn conclave the other day sounded the knell of the buyers' gaiety. And kerplunk! went

great lots of possible diners and audiences.

Our city hasn't yet concluded whether or not it can reconcile carvings of greedy-faced men and dollar signs and tragic women with the spirit of church architecture. It has been several days now since Manhattan suddenly made the discovery of these things cut into the stone of St. Thomas church and the fact that they have all been there for fifteen years without ever being noticed doesn't serve to placate the tempest. The stand taken by the architects that these things are symbols just as appropriate to our times as were the gargoyles on famous old cathedrals of Europe doesn't quite

satisfy the average mind. New York is divided into pretty much warring factions clamoring for and against the fitness of such things. One of the prominent clergymen, who has refused to commit himself on the matter, says cheerfully "It's something to get this city so excited about ANYTHING connected with the church. Maybe it will get into the habit of looking inside oftener."

Miss Mabel Cratty, of New York, who is acting head of all Y. W. C. A. organizations in this country, sails this month to visit the branches of the organization which are flourishing in the Orient. Miss Cratty, whose title is General Secretary of the National Board, will spend four or five months in China and Japan, where 10,500 members have been drawn into the Y. W. since its organization in those countries, in 1905 and 1906. Mrs. John D. Rockefeller, Jr., and Miss Mary Wooley, President of Mt. Holyoke College — both members of the National Board — are sailing on the same boat. Mrs. Rockefeller accompanies her husband, whose journey is made for the purpose of attending the dedication in Peking of the medical school which the Rockefeller foundation has had so large a part in making possible. Both

Mrs. Rockefeller and Miss Wooley will give part of their time to visiting the association work in both Japan and China. The organizations in China and Japan are made up largely of student members, and work in close touch with the Christian churches there. They are training girls for business and the professions, as they do here, but because of the recent entrance of women into factories, the association finds a great deal to do along the lines of working for protection of women in industry, especially in the direction of educating public opinion. Much emphasis is given, too, to the matter of physical education and hygiene. There are 74 American secretaries in the Y. W. work in China, 84 Chinese, and five of other nationalities.

Whatever we may say about our police force and their occasional failures and their circles of politics, once in a while one of them does arise to pinnacle of giving us a thrill. Patrolman John A. Curry did just the other day. It wasn't that he stopped a bad runaway and got seriously hurt doing it. We just expect things like that. But the way he did it! No sawing on the reins or any other indirect means for this brawny guardian. He grabbed the horses hind legs in both arms and held onto them for one whole block until the horse finally gave up trying to run, without those legs and fell flat. Charles Carsten, only 18 years old, but an ex-soldier, added to the drama by jumping astride the horse's back while he was running. It was the most spectacular thing New York has seen since we got so systematic and machinery-bound with motor busses and traffic rules.

—NY—
The Newport set of New York society is considerable wrought up or amused, according to temperament by the nonchalance of an erstwhile of that fashionable reports. She is a widow and went in with another widow of the same set on a lot of household expenses and promissory notes. Something went wrong with their finances and they are both being sued. Fortunately — for her — the first mentioned lady had left for Europe and was comfortably ensconced on the other side when the lawsuits broke. Her friends cabled her asking her to come back and take her share of the responsibility. Whereupon the fortunate one cabled back, "I have heard of the suit. Best love."

LAUGH CAUSED A FIGHT BETWEEN NEIGHBORS.

Mayfield, Ky. — J. F. Holmes and Clyde Cartwright, Water street neighbors, were fined on charges of breach of the peace as the result of a fight in which a poker and a brick were weapons. Trouble between their children had caused bad feeling, and Holmes struck Cartwright, it was testified because he thought the latter was laughing at him.

RIVER MAN'S SKULL CRUSHED BODY FOUND ON SHORE.

Paducah, Ky. — Identity of the body of a white man found upon the Illinois shore opposite Paducah was established as Claude Norman, 50, a river man. No trace of the murderer has been found. Norman's skull was crushed and the wounds indicate a blunt instrument was used.

In the Franco-Prussian war every third German soldier carried a map of the country through which he was travelling.

SUNDAY ACCEPTS INVITATION TO VISIT STATE FAIR.

Louisville, Ky. — "Billy" Sunday will dedicate the new \$300,000 Merchants and Manufacturers Building at the Kentucky State Fair, either Monday or Tuesday of State Fair week, according to a letter received by W. C. Hanna, commissioner of agriculture and president of the state fair board.

The Rev. Mr. Sunday, who is now resting at a summer resort in Oregon said he would write in a day or so stating definitely what day he would come to Louisville. Mr. Hanna, who is a personal friend of Mr. Sunday, asked him to dedicate the building and designated Tuesday of fair week as the day he wanted him here. However, Sunday says he is afraid other engagements will make it necessary for him to come Monday as he will be able to stay in Louisville only on day.

Monday of fair week is children's day, which, it is intimated in his letter largely influenced Mr. Sunday in wanting to come here that day, due to his love of children and desire to have a large audience of youngsters instead of grown persons as would be the case any other day.

How Old Age Comes To Those Who Invite It

—“There's a Reason”

THERE are plain rules, well understood, about keeping nice old machinery in repair and running smoothly.

Is the body as important as an automobile engine or a furnace?

Is it as reasonable to talk about the best ways of sustaining the body as it is to talk of proper care for the engine or the furnace?

Well, then—

The body is strengthened, warmed, sustained—kept young—in a very practical and scientific way.

Some Simple Facts

Food is heat and power and renewal for the body.

After all, there's nothing mysterious or magical about what food does in serving human need.

Nothing mysterious, but much that is interesting—and important.

Some foods are particularly good for the body.

GRAPE-NUTS is such a food.

Grape-Nuts is made from whole wheat and malted barley flour—product of the two grains which are richest in food elements for human need. Under the outer, or bran coating of the grain,

nature has placed phosphates and lime which go to the making of bone, and the red blood corpuscles.

This may sound like physiology, but it works like health.

Hunger Not Cheated

All the richness of this kernel, together with essential mineral elements, are retained in the making of Grape-Nuts. Often, in the manufacture of foods, some of the most vital of nature's provisions are thrown away.

The long baking process (Grape-Nuts is the result of 20 hours continuous baking) partially pre-digests the food substances, develops the starches into dextrin and maltose—giving to Grape-Nuts its own natural sweetness—and produces a food which, when served with milk or cream, has been found by chemists to be almost perfectly balanced in qualities of nutrition.

The Enemies Within

Now, old age begins in the larger intestine.

This is what the scientists have found who know the human body as the mechanical expert knows his automobile engine.

No need to go into the particulars—it's enough to say that certain effects produced by food which is slow in digest-

ing develop fermentation and other conditions which cause the bodily machine to slow down and wear out sooner than necessary.

Grape-Nuts digests quickly and wholesomely.

Much of this is due to the fact that the long baking has partly pre-digested the nutrient; partly to the fact that there is contained in Grape-Nuts the essential "roughness" to stimulate the action of the intestines.

Health's Splendid Champion

Grape-Nuts is a delightful food, for it is uniquely rich and sweet in flavor, and always crisp. It is unusually nutritious, for it has all the body-building elements of the most perfect food grains. It is a convenient and economical food, for it is ready to eat from the package, keeps in any climate, and is appetizing to the last bit.

It builds strength and vigor without taxing the digestion or leaving, within the body, elements whose familiar harm is really the beginning of "old age."

Grape-Nuts has been a favorite food, around the world, for nearly a quarter of a century—

And there is a reason!

WOMAN'S NECK BROKEN WHEN HOUSE COLLAPSES.

Olive Hill, Ky., August 18. — Mrs. Emma Haney, 21, died here from a broken neck as a result of a chicken house falling over while she was in it. The house situated on the edge of a brook, apparently has become undermined by the water. The woman had barely stepped inside the door when the building toppled over and was washed down the brook with her inside. Assistance was finally summoned and the injured woman was carried into her home where she died. Mrs. Haney is survived by her husband and one child.

CIRCUIT CLERKS WANT DIVORCES MADE C. O. D.

Circuit Clerks Can't Collect Bills for 'Em and Seek Relief By State Law.

Covington, Ky., August 19.—Divorce bills are hard to collect. So hard, in fact, that the Circuit Court Clerks plan to ask the Legislature for relief.

This was agreed to at the convention of clerks here Thursday, after William Newell, Campbell County Circuit Clerk, told of the losses through the state over failure to collect court costs, especially in divorce cases.

The proposed legislation would provide for payment in advance of a specified amount to guarantee the collection of costs.

Officers elected were: President, W. H. Newell, Campbell county; first vice president, Thomas H. Alsop, Oldham county; second vice president, Fred O. Neutzel, Jefferson county, and secretary-treasurer, H. W. Fisher of Boyd county.

Mr. Phillips T. Barbour, of New York, will arrive Saturday to visit his parents, Dr. and Mrs. John Barbour.

SHIPPERS TO BE HELD RESPONSIBLE.

Seizure of whisky shipments by bandits, real or fake, will not, hereafter, relieve the shippers of the whisky of further responsibility, it is announced by Federal prohibition agents in Cincinnati. It is proposed to hold anyone transporting whisky responsible for whatever happens. Sufficient guards must be employed by the shippers to protect the liquor against any kind of theft. "We are not only scrutinizing every permit, but we are determined that whisky will not be diverted by means of the so-called 'hold-up' process, Captain Robert E. Flora, prohibition agent, declared Friday.
